

SAVE ON PRE-PAID LIFETIME NEA-RETIRED MEMBERSHIP

Lifetime NEA-Retired dues are \$200.

Current Active and Education Support Members are eligible.

Over 7,500 AEA Members have paid the NEA-Retired Lifetime membership dues. You can pay the \$200 NEA Retired Lifetime Membership now, before you retire, and receive valuable planning tools for retirement plus save hundreds of dollars in future retired membership dues.

Prepaying NEA-Retired dues for life (\$200) brings you a planning for retirement package containing six specially prepared booklets covering:

- | | |
|-------------------------------|---------------------------------|
| Financial Planning | Health and Leisure |
| The Law and Personal Planning | Social Security and Medicare |
| Home and Safety | Health Maintenance and Wellness |

Prepay your \$200 NEA-Retired Lifetime Dues now to receive this valuable planning package while you have time to plan for your retirement years. The booklets alone are valued at more than \$50.

If you don't prepay the NEA Retired dues, you will pay \$25 each year after you retire. That is \$200 in just the first eight (8) years of retirement. Most retirees will pay retired membership dues for 25 to 35 years for a total of \$625 to \$875. **You can pre-pay all those NEA-Retired dues for only \$200.** If NEA-Retired dues ever increase in future years, you will not have to pay those increases.
